

Anglers Sport Center has been going through a lot of changes in the past several years and we'd like to spread the word to all of your member. The biggest change has probably been that we have computerized all of our inventory! With that has come many challenges, but, it has enabled us to become more efficient, always be in stock on best sellers and be able to continue to offer the latest and greatest the fishing tackle industry has to offer.

We also hope to roll out our new website, full of lots of cool information in the very near future.

Along with all of these changes, Anglers would like to inform all current CCA members of our new pricing policy. We are offering a **10% Discount on all Fishing Tackle and Accessories** (excluding Reels and Sale/Promotional items) to all CCA cardholders. All you need to do is tell our sales staff before they ring you up and show your membership card.

To all of you who have supported us throughout the years (actually pushing 50 years!)....Thank you! And to all the new guys out there.... Come on down! We will show you great service, the best selection of bay tackle in the state, and now a 10% Discount! At the very least, come share some Fish Tales! We look forward to helping you and any newcomers to find the bend in the rod.
